(P-2)

customer display
(back of no-display-pole scale)

Squared display

removable and renewable hot keypad
(Patented)

Unique Functions

※Originated insert-proof loop design (patent) in the world, the completely occluded mechanical design for scale bottom prevents the machine from defects caused by inserts.

※ LS-2600 is capable of establishing a chain store real time network sales system via phone line or broad band. (Refer to the back network diagram)

※Innovative removable and renewable hot keypad (112*2 hotkeys), no worry about be soaked. The layout of hot keypad can be easily edited by the PC software and be printed immediately so that the cashier can operate the machine expertly by pressing the single hotkey without memorizing and entering the several-digit part number.

※Detachable large capacity drawer (patented). 8-note/ 5-coin capacities. The drawer core can be taken out to settle accounts in finance office, avoiding counting locally and pausing selling.

※Optional 2.4G 'P-tooth' to connect with pinnacle wireless POS peripheral (customer display, invoice printer, cook room label printer, wireless barcode scanner, wireless login lock, Mifare magcard reader).

Special functions and features

※Shop name and logo can be edited and downloaded via the PC application. PLU code: 12,000.

※With 6 shortcut keys for operator to store/recall receipts, 6 receipts can be stored synchronously. Able to satisfy the business needs of tourist site, Cate Street and some other trades with high floating customers.

※Subtotal preview function. Able to real time adjust the commodities' weight for some customers who request quantitative consumption.

※Flexibly subtract stockpile mode.

※With complete finance function: stock, sales, inventory, check, gross profit, membership management, etc..

※With 2 kinds of divisions: 0-6kg model is 2g, 6kg-15kg is 5g.

※Waterproof design for printer. The cash drawer can not be placed under the Scale ECR when used in the water environment.

※Able to print various reports such as daily report, periodical report, department report, PLU report and cashier report, gross profit report, etc..

※Two in one design of ECR and Scale, suitable for fresh foods supermarket. Neither the weight measure nor the check-out of the goods can be realized in the machine.

※With convenient data communication function. Ethernet scale model has manifold RS232 ports, one for barcode scanner or PC, which can upload and download PLU and sales data between scale ECR and PC.

PEGASUS LS-2600 LABEL SCALES

Other Functions

※ Support various bar code formats, such as EAN–13, EAN–8, 37 kinds of EAN–13 shop code and 6 kinds of foreign currency payment.
※ Able to support hybrid payment (cash, credit card and foreign currencies).
※ Support different payment mode, currency transfer, R/A and P/O, etc..
※ Password can be casually changed to control the key functions.
※ Training and standard modes can be switched at any time to train the new employee.

(The drawer core can be taken out to set account in back office)
